

***Blackfly Lodge hosts MIKE STEWART of WILDROSE KENNELS for the first
ADVENTURE DOG TRAINING/CERTIFICATION & FLY FISHING ADVENTURE
FEBRUARY 8 -12, 2018***

Blackfly Lodge and Wildrose Kennels are partnering to bring you an unforgettable and fun-filled weekend of world class Adventure Dog activities and Fly Fishing

Blackfly has been home to Wildrose Labs for the past eight years and it is our great delight to offer what we think will be one of the best fishing trips ever because your dog gets to come along. Only 8 angler/dog team spots are available to ensure customized instruction.

This unique opportunity will include Wildrose certification of your dog in the following areas: hiking, biking, watercraft, fishing (of course!), public access, aircraft, hunting (sheds on beautiful private beaches) as well as customized, fly-fishing instruction and fishing for you and your dog. All this while enjoying tropical weather mid-winter and experiencing the exceptional hospitality of Blackfly Lodge's 5-star accommodations featured in Garden & Gun Magazine.

A canine adventure of a lifetime... hiking fabulous island beaches, biking meandering trails, wading pristine flats, fishing from a skiff and visiting local bars for lunch with new friends and new dog friends are just a few of the experiences this trip offers. Dogs completing the activities can earn a Trail-Rating or possibly complete their Adventure Dog Certification.

Feb 8 - 12, 2018 – 4 nights / 3 days
\$4600 for angler and dog – only 8 angler/dog teams
\$1000 for non-participant spouse sharing the room.
Purina Pro dog food included

Blackfly Lodge, South Abaco, Bahamas – blackflylodge.com
